**Re: MIDDLE ROAD IMPROVEMENT PROJECT – PUBLIC OUTREACH**

Dear Neighbor:

Monroe County is planning to perform roadway improvements to Middle Road between Erie Station Road and Lehigh Station Road in the Town of Henrietta.

Ahead of the project, we are looking for input from the public on this project. Enclosed with this letter are a pamphlet describing the project and a comment form. Additional information regarding the project, including a brief presentation, can be found on the Monroe County DOT website, Project Updates page: <https://www2.monroecounty.gov/dot-construction>.

This project is necessary to improve the condition of the roadway pavement in this section of Middle Road. Since this section is lacking adequate paved shoulders, we are also looking to widen the shoulders to our standard 6 foot paved shoulder width. We will also look to improve surface drainage near the roadway.

Construction is scheduled for the spring of 2023 and should be completed in the fall of the same year. During construction, please expect some delays in traffic around work zones during work hours.

If you have any questions regarding the project, please contact me at 585-753-7729, [hherdzik@monroecounty.gov](mailto:hherdzik@monroecounty.gov), or by mailing back the enclosed comment form no later than June 10, 2022.

Sincerely,

Henry Herdzik, P.E.  
Transportation Project Manager
